2002 September 6

Mr M K Siu
Chief Engineer
Evertch Electronics Ltd.
Rm. 407,
Kingsford Industrial Centre,
13 Wang Hoi Rd.,
Kowloon Bay, Kln.

Dear Mr Siu,

2002 Hong Kong Award for Industry Machinery and Equipment Design

In connection with your company's participation in the 2002 Hong Kong Award for Industry: Machinery and Equipment Design competition, I take pleasure to inform you that the product submitted (MEGAsys) has won the CMA Machinery and Equipment Design Award.

During the final judging meeting, judges are impressed by the software and the whole security system. However, due to insufficient information of the security system, the judging panel decided to recognize the software part only and strongly encourage your company to enter the competition again next year with the security system as a whole.

You are cordially invited to attend the Award Presentation Ceremony to be held on Tuesday, October 15 at the Hong Kong Convention and Exhibition Centre. May I request your kind cooperation not to disclose the result to the media or to any other company or organization at this stage, as we intend to have the results of the competition officially announced at the Award Presentation Ceremony on October 15.

Congratulations on your achievements and we wish you every success in your future endeavors.

Yours sincerely,

Francis Lau
